

# 'THE NEW RUSH PRICING POLICY'

## GB RUSHEXPRESS No. 74

We are an old fashioned family stamp company which was established in 1958, yes over 60 years ago – we aim to provide an efficient and personal service as well as giving you the very best value for money – so we have very carefully examined every section in this special No. 74 Edition. Besides over 2000 price reductions we have also increased discounts where possible on many already low prices.

You may ask how can we do it – by buying internationally both in the private sector and dealers alike which enables us to be very competitive. If you have material for sale send us details or ask for our latest GB buy list. (Can also be viewed online at [www.rushstamps.co.uk](http://www.rushstamps.co.uk)).

We are also the top of the list for material being offered to us because we pay immediately often within 24 hours by cheque or bank transfer. We use our vast network of overseas contacts and dealers carefully monitoring currency exchange rates to obtain the best deal to pass on to you!

Have a look at other dealers prices and you will see in 95% of cases you will be pleasantly surprised and we generally have the stock to back it up.

Our historical stocks have served us well. We have seen the many changes over the years and have adapted to the market place accordingly also we are very fortunate to have wonderful staff whose knowledge and expertise is invaluable.

We not only sell GB as we have a worldwide A-Z stock including Thematics, Lots and Collections which are regularly offered in our Rush Telegraph and the latest arrivals listings. You can always request the latest editions.
