

OUR NEW RUSH PRICING POLICY

GB RUSHEXPRESS No. 75

FAIR WARNING

OUR FIVE-YEAR STAMP MARKETING PLANS

Our challenge is to minimise our substantial historic stock of Great Britain and Worldwide with your help!

We are aware that the global philatelic market is shrinking due to ageism and the lack of any new collectors due to more attractive alternatives! Consequently prices are slipping evidenced by the latest Stanley Gibbons Catalogue changes combined with the wealth of material now coming onto the marketplace.

Royal Mail must take some responsibility for milking the collectors with their ever increasing issuing policy – collector of new issues are voting with their wallets and walking away.

We have given up attending all future exhibitions and shows to concentrate on our mail order business and Ebay website.

I am pleased to say the upcoming London 2020 International is Sold Out of Trade stands and we hope it will be a great success over the eight days duration.

Collectors who have surplus mint G.B. Decimal stamps can send them to us for a credit of 60% which can be used against your order now or in the future to suit you. So take advantage of our exclusive **low** prices – **COMPARE AND SAVE.**

Let us hear from you soon.
